CLAIMS 2-4, 6, 8-12, 14-20, 22-24, 26-32, 34-42 AND 45 ARE PENDING

1. The following is an examiner's statement of reasons for allowance:

The prior art of record is exemplified by Rodriguez et al (Rodriguez), US 6,650,761 and by Murphy, US 6,564,380.

Rodriguez is directed to watermarked business cards, wherein servers are accessed over links which may be wireless [Col 50 lines 34-36], and which involve access codes [COL 11 lines 53-56], and which may support access to live events [COL 50 lines 43-54]. A schedule of such events [COL 50 lines 24-30] is related to a time stamp.

Murphy is directed to sending live video on the Internet, controlled by an access code [ABSTRACT; COL 3 lines 25-53]. This includes the viewing of live events [COL 2 lines 16-28]. The transmission medium may include wireless links [COL 7 lines 12-16], and re-transmission may be scheduled during a post-event schedule [COL 12 lines 46-53].

However, as noted in the previous action, the inclusion of access rights including one or more time-stamped access capabilities that each correspond to a different event service in the context of the other elements of the claims is neither anticipated nor suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
